*October Business Meeting: Baronial Candidates***Baroness Mariana and Baron Gawan****Read letter of intent:**

We Baron Gawin and Baroness Marianna, humbly request permission to be considered as candidates for the upcoming position of Baron & Baroness of Terra Pomaria. also need your consideration for the fact that we live outside of the Barony. The location of our home does not dictate where we play. We live in 3 Mountains, just as we always have

and continue to play heavily in the Principality of the Summits as well as other areas of the Kingdom. Having held this position prior, we feel we have a good understanding of where we can best serve the Barony, Principality and Kingdom.

We have deep love for the Barony and its populace and sincerely believe it to be a Barony of tremendous potential, with many skilled artisans, generous populace and willing hands ready to work hard towards the advancement of all that is offered in this hobby we all love and respect. know how to have fun and get great satisfaction when we see members of the Populace having fun as well.

The Barony responds well to strong leadership, friendly overtures, encouragement and appreciation.

We feel we possess the skills to once again bring all parties together for the common good. also know we can develop and maintain a good working relationship between the Crown, the Principality, officers, peers and populace, as well as our sur-

rounding branches. We know we can be the strong leadership the Barony requires, and would like the opportunity to help make good things happen. style of leadership is by example. accept and recognize that others will willingly "do as we do" quicker than insult them with "do as we say". However in matters of Society, Kingdom, Principality or Baronial Laws and guidelines we are very black and white. it is a rule.....we will follow it! respect and honor the rules and believe they are for all of us...for the good of all, and therefore must be followed!

We know how much energy and time it takes to do the job. are in much better health than when we stepped down. have the time to give. have the desire and enthusiasm for the job, because we care. We are prepared to do whatever the Crown wants and needs us to do to keep the Barony successful and growing. have no hidden agendas....no personal goals or expectations of where this may further us in the Society. truly want what is best for the Populace of our Barony and what benefits the Kingdom. feel we have much to give and commit to do just that.....serve you and the Barony to the best of our ability.

Marianna added-We have always supported the decisions of the Barony. We are very proud of Emma and Ruland and Michel and Francesca. Terra Pomaria has always been known as the friendliest barony. is a tradition that I would like to see never go away. -I would like to see the barony become more active and have places to have practices. have a strong community of heavy fighters but I would like to see our rapier, archery, thrown weapons, and equestrian communities grow.

Clovis and Lindis

paraphrased from letter of intent:

It is with a great love of An Tir, The Summits and Terra Pomaria do Lord Clovis and I, Meisterin Lindis de Aquisgranno, present ourselves as candidates for Baron and Baroness of Terra Pomaria.

Clovis and I represent a combined 31 years in the SCA. Our friendship began long before we discovered the Society we have grown to love. our 21-year friendship,

we have learned to laugh, communicate, bring out each other's strengths, and help the other in areas of weakness.

These are lessons we would hope to share with the people of Terra Pomaria. The spirit of service lives in both of us. has walked the path of officer, both local and Principality, and has been the event steward of many successful events, while Clovis has found his passion in the kitchen, feeding the weary players to nourish their bodies and souls with good food and warmth of character. can both be found clearing blackberry

brambles at rough sites, setting up pavilions, and helping behind the scenes to ensure that fun is had by all. feel that through service projects we achieve a sense of community. With a sense of community, we can easily find the values of Chivalry, Honor, Respect, and Integrity that make the Society great.

Although Clovis does not live within the zip code boundaries of Terra Pomaria, his heart resides in these lands. is our hope that a mere 10 miles does not prevent him from continuing to serve the Barony that has made him feel welcome and that he has served faithfully. Lindis discovered Terra Pomaria in 2000 and finally made it her home in 2005, leaving only briefly to attend graduate school and returning promptly to the land of orchards.

*October Business Meeting: Baronial Candidates*

Attached you will find our SCA and modern resume's and contact information. Should Your Majesties and the Populace of Terra Pomaria find us worthy to serve as Baron and Baroness, we will strive to enrich these lands. will ensure that her people are recognized for their talent and skill. will carry on the tradition set by our previous Barons and Baronesses to keep Terra Pomaria the best Barony in the Known World.

Clovis noted--in addition to the service he mentioned in the letter, I have consulted on kingdom and society law. really need to strive to find new members in our society. want this great community to be here for my daughter. new members, it won't be there for her.

We want to continue the strong traditions of the Barony and support the Officers.

**Peder and Ainslee**

paraphrased from letter of intent:

We have lived our SCA lives in numerous locations: three different kingdoms, two different principalities and many different Baronies, gaining insights and experiences that

cover a wide range of categories. We have also had the opportunity to visit the distant Barony of Ynys Fawr(Lochac) albeit briefly. Each location had its own philosophy on how it approached opportunities, to greater or lesser success.

We both strongly feel that being Baron and Baroness of Terra Pomaria would be a

careful dance, honoring the rich historical traditions yet bringing new ideas, new insights on life in the Barony.

Peder, We started in the SCA in 1991. 've played in many places, but we have put in roots here, where it really is the friendliest area. want everyone to feel the joy here that we feel in the SCA.

Jalid and Fortune

Read letter of intent:

It is our wish to have it known that we, Lord Ji'lid al-banna ibn Hyder and Her Ladyship Fortune verch Thomas present ourselves as candidates for Baron and Baroness of Terra

Pomaria. four merry years and with charity have we shared our fire and pavilion, our knowledge and skills, our tales and blessings with all who would come seeking friendship and goodwill. that history and philosophy as our foundation, we would be honored to serve the Barony in the esteemed roles of Baron and Baroness.

Throughout our time as part of this remarkable Society, we have together devoted many hours of service to the Kingdom, our Fair Principality, and to the Barony. Society events, we can regularly be found assisting the event steward with set up and take down, heraldry, teaching classes, playing other key roles, entertaining newcomers, or serving their Highnesses and Excellencies. Our personal time has been spent creating

scrolls and others works of art, researching Heraldry for ourselves and others, making garb to help clothe the populace, and sharing the fun and excitement we experience at events with friends and associates outside the Society.

We have each experienced many memorable moments during our time in the Barony. experiences and interactions with people throughout the Kingdom have inspired us to serve in greater roles, giving us the confidence and desire to serve in a larger capacity.

Outside the Society, we have both been involved in other service-oriented non-profit organizations, each highlighted in our resumes. believe that these associations, and the experience we have both gained by holding various key positions, have helped us

develop our leadership skills and the ability to communicate with people both inside and outside of the Society. in these organizations has also reinforced our desire to volunteer inside the Society, seeing our efforts, combined with the efforts of others, come to fruition in the form of successful events and demonstrations.

Given the chance, we believe that as Baron and Baroness, we can bring the following personal attributes to our Barony:

- The strong desire to bring positive attention to Terra Pomaria and the Society for Creative Anachronism as a whole – locally, throughout Oregon and the Kingdom.

- Long established relationships with the officers and populace of Terra Pomaria and neighboring groups which we can utilize to ensure the Barony hosts successful and enjoyable events and activities.

- The leadership, motivation, and mediation skills to rally the Barony around new ideas and beloved traditions, develop the spirit of volunteerism in the populace, and represent the Barony of Terra Pomaria with respect, honor, and humility throughout the Summits and An Tir.

find enclosed with this letter our individual Society and modern resumes, membership details, and contact information. Your Majesties, in Your wisdom, find it in the best interest of Terra Pomaria to bestow upon us the opportunity to serve the Barony in the grandest of roles, know this: We will carry out the duties of this office with chivalry and grace, leading and guiding our populace with open minds and acceptance, en-

couraging them to excel in the areas of combat, arts, and service, taking care of those in need, and representing the Barony across the Kingdom with ambition and ardent fervor. both want to help our Barony flourish, and wish to show the Knowne World how truly wonderful the Land of Apples can be.

Fortune-We love this Barony, the sense of community and welcome that we and our son received. -As leaders, we are only as strong as the populace and officers, and we want to support and encourage them.

Bera and Alail

We will allow our letter of intent speak for itself, but would like to add this: We had a choice of where to live when we moved here and we chose to move to THIS BARONY specifically. always wanted to be a part of this barony. us we have 70 years of experience in the SCA. feel that Baron and Baroness is the hardest office in the SCA, because they are in the line of fire for years at a time. We have done pretty much every office, and activity in the SCA. We travel and think we can effectively represent the barony at the Principality, Kingdom, even Society level.

(Chronicler's note: Bera and Alail's letter of intent can be found on the Terra Pomaria website.)

This month A&S will be moving to the fourth Sunday of the month, officially from 1-4 PM but if things go longer I'm fine with that. As previously mentioned, the first A&S Sunday, October 28, will be at my home again and be a class on curing meat. Students will be preparing pork bellies for curing either as American style bacon or Italian style pancetta. For space and teaching requirements, participation is limited to no more than six people, and there will be a \$5/person fee for materials and ingredients. Students will take home 1 lb of their favored meat after curing. Because of the interest in the class, I will be opening signups via email on Wednesday the 17th. Signups will work on the lthra model: emailing me will reserve you a spot on the PENDING list; payment of the class fee will ensure your spot. The first six payments received after signup will be the ones who get the class slots; payments after than will be returned. If there's enough interest, I can set up another class. All checks should be made out to me, as they are just to cover materials that I'm buying for the class; baronial funds aren't involved. Please don't let the class discourage anyone
